

LINCOLN PERIODONTICS OFFICE-COVID PROTOCOL

You will be called prior to your appointment to go over some covid screening questions.

When you arrive at the office, stay in your vehicle and please call 531-207-2541. Let us know if you are in the front or back – we will come out to get you.

Please wear a mask to cover your nose and mouth, when you enter and leave the office.

Bring your own pen, sunglasses or glasses for the appointment, and a sweater or blanket if you feel you might need one. Due to the personal protective gear, we keep the office cool.

Once at the office for your appointment, you will be asked the covid screening questions again and your temperature will be taken.
